

ORDERS

If you're looking for just a loaf, a large order of pastries, or even a custom request, we are always happy to help!

Please take note of our ordering system:

Orders must be called in 24 hours in advance of your pick-up. Please call us by NOON the day before your pick-up day. For example: If you want to pick up bread or pastries on Saturday, you must call your order in by Friday at noon at the latest.

Holiday orders: Please call the bakery to check for holiday-specific deadlines, & place orders as early as possible.

Respecting this system helps us enormously. If we know of orders in advance, we can be confident in making larger batch sizes because we know we will sell our products. Helping us sell more makes the bakery viable & helps us make more people happy!
Thanks for your understanding & cooperation.

We will leave you with this excerpt from Adbusters issue 114. We do what we do with patience & love.

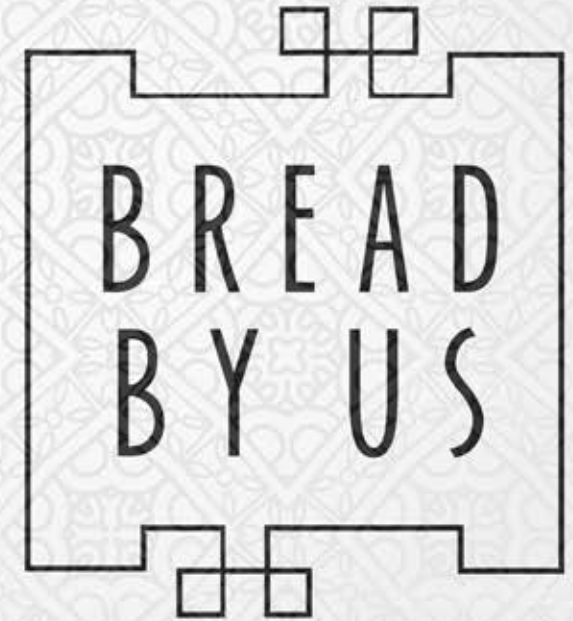

"Even the most fundamental parts of your life and your identity are prepackaged and sold back to you in glossy sterile plastic. Everything you eat comes from a factory far away and is sold to you for ease and comfort so you don't have to worry about doing it yourself. Well, this "convenience" is actually a massive disservice to your consciousness. Everything you eat depends on a network of corporations. Well, as you know, there is another way..."

Time might just be an illusion, but patience is still something we need to learn how to cultivate. In our world of instant gratification and automatic updates, our ability to calm down and be patient might just become a thing of the past. You could make the best loaf of bread out there ... so long as you are patient enough to allow it to do what comes naturally."
